The Republicans now claim
222 Votes in the Electoral
College.

New York gives 25,000 Major-
ity and Pennsylvania
about 30,000.

California and Nevada go to the
Democrats.—Tennessee
State Ticket Doubtful.

Iowa, Kansas and Other West-
ern States Give Immense
Majorities.

Chicago, November 3.—The Inter-
Ocean's Washington special says that
at the headquarters of the republican
congressional committee to-night the
claim total is 155, the republican mem-
bers of the next house, which is a
clear majority of 11. It claims all held
good, but of this however, there is
great doubt; they claim a gain of one
each in Massachusetts, Virginia,
North Carolina, Arkansas, Louisiana,
Illinois, West Virginia, and Pennsyl-
vania. New York and Tennessee two
each. They concede loss of one each
in Nevada, and California. They
also claim the senate by a majority of
one. The leading republicans claim
to have information that Monroe will
act with them in the organization of
the senate; at the headquarters of the
democratic committee they do not
concede the house to the republicans
but claim it by a small majority. A
dispatch received from James S. Walker,
from New York says the republicans
claim the house but they have
not got it. We will have a fair work-
ing majority; the democrats also claim
the senate by a majority of three not-
withstanding the democratic claim,
however, the republicans seems to
have the house beyond a question by
a majority of at least 8, though the
senate is in great doubt. The democ-
rats here, both foreign and domestic
bear their defeat with great fortitude
in fact, as the result had been known
days. The democratic congressional
committee here shows conspicuous
absence of courage or confidence since
the defeat of the party in Indiana.
Before that nearly one hundred hands
had been employed in folding and
sending out campaign documents but
after the Indiana disaster these hands
were discharged. Silence and gloom
has settled over what has been a life
of industry, and it was plain to out-
side observers that the democratic
backbone was broken. To-day, in
conversation the democrats were forced
to confess that they were fairly beaten
by the October gale. It was Indiana
that defeated Hancock, said a
prominent democrat to-day; it was
the decision of the supreme court
making it an October state that pro-
ved our destruction. Amid the wreck
of all their hopes the democrats insist
that had Indiana elected Landers in
October, Hancock would have walked
into the white house in March.
In a private letter written before the
Indiana election, Garfield said we had
lost Maine but we would carry In-
diana.

New York, Nov. 3.—At Governor's
Island yesterday afternoon the first
dispatch regarding the result was
from Colorado, as follows:

By the eternal God Colorado will
surely go democratic.

Hancock returned to Governor's
Island from the city at six o'clock.
He walked in his enclosure slow way
up the stone steps to his mansion. He
was in citizens dress and as he stepped
upon the porch he was greeted by
friends, who warmly shook his
hand and congratulated him on the
favorable news that had been received.
Hancock returned the salutation with
a smile and a hearty shake of the ex-
tended hand, but said, in reply to
the congratulations, "We shall know
more about the election later." He
then entered his house and did not leave it during the evening.
Advertisers who had no special business
were requested to excuse him from re-
ceiving them. The impression pre-
vailed for a time that he had been
elected, but it is said that the General
never gave indication that he expected
to be elected.

New York, November 3.—The ap-
parent republican defeat in New Jersey
is attributed to the Pennsylvania
Railroad which threw its great power
against them because Phila, the Repub-
lican candidate for governor identified
himself with the Central rail-
road.

New York, November 3.—The ap-
parent republican defeat in New Jersey
is attributed to the Pennsylvania
Railroad which threw its great power
against them because Phila, the Repub-
lican candidate for governor identified
himself with the Central rail-
road.

New York, November 3.—The re-
publican majority in the state is about
25,000.

Hancock retired to bed, having given
directions that he should not be
awakened on account of any news
that might be received.

New York, November 3.—To-night the
appended message was sent to
General Garfield: "The Republicans of New York City assembled in mass
meeting at Chickering Hall send their
most hearty congratulations to the
President elect and assure him of a
handsome majority in the state, over
40,000. Dow goes 329." From this
time the President elect felt more
free to express himself. He said: after
one of the most favorable dis-
patches: "Gentlemen, this result
means three things, first, that the
American people believe in the Na-
tionality of the Government, second,
that they believe in a good, honest
and healthy financial policy, and third,
they are determined not to disgrace
the sphere of American politics by
endorsing a campaign of personal
abuse."

New York, November 3.—A special
from Monte, Ohio, says Garfield
received the news at his home in
company with a few friends without
any excitement and they at first in-
clined to think it came from New York. After a few
hours however, bulletin from the Library State
Garfield expressed his opinion for the
first time as follows: "Garfield
if we have got New York, the inde-
pendents are, we can give them the entire
Pacific coast, New Jersey, Cen-
tral and the solid South and then
west them." Even so he said this
there was no particular excitement
in his manner and he was as one of
his neighbors said, "the coolest man
in Ohio."

New York, November 3.—Your
special correspondent, kindly re-
quest your readers to contrast his
foreshadow of the presidential election
with the new ascertained result
and determine for themselves whether
his predictions were not more judi-
cious and reliable than the hasty
and rashly prepared telegrams with which
Chairman Brown flooded the country.
Let the results decide our re-
spective titles to fairness and accuracy.

NEW YORK.

New York, Nov. 3.—Latest returns
from New York city on mayoralty:
Grace, democrat, 98,051; Dowd, re-
publican, 96,748.

New York, November 3.—The total
vote gives Grace 249 majority for
mayor and Dazchar for register \$100.

New York City, Nov. 3.—Presidential
vote complete: Hancock 129,
Garfield 81,726. The Times says that the republicans have carried
the state by 25,000 majority, and publishes a table of all the counties, showing
Garfield's majorities 55,181, Hancock's 59,946, a republican gain of
over 56,000, stated at 58,143. The
Times also gives a list of members
elected to the 47th congress as ascer-
tained and devides them politically as
follows: Republicans 156, Democ-
rats 132, Greenbacks 5.

The democrat's claim that it is ut-
terly impossible for the party to
gain general success in the north with
a solid south stone hanging to their
necks.

New York, November 3.—A news-
paper extra insists that Dowd is
probably elected mayor of New York
but this is still doubtful.

New York, November 3.—The Star
says general condemnation was ex-
pressed by the democrats and liberal
republicans in the seventh assembly
district yesterday when the fact be-
came known that Maj Gen McDowell
had registered falsely and conse-
quently had no right as inspector of
the registration of district Seventh.
The Star states the McDowell was
challenged and he swore his vote by
and registered from No. 10 west
9th street, a house now occupied by
Mr. B. G. Smith, who stated that Mr. Dow
well had not lived there for two years.
He owns and rents the house to Gould.
The Brevard register now says that he
stopped at the Brevard House with
his wife on Oct 29.

New York, November 3.—The ap-
parent republican defeat in New Jersey
is attributed to the Pennsylvania
Railroad which threw its great power
against them because Phila, the Repub-
lican candidate for governor identified
himself with the Central rail-
road.

New York, November 3.—The re-
publican majority in the state is about
25,000.

COLORADO.

Kokomo, Col., Nov. 3.—Official
majorities of Robinson camp are as fol-
lows: Hancock electoral ticket 118;
Morrison, for congress, 121; Hough,
for governor, 117; Robinson for Lieut.
governor, 173; Unfeeg, for secretary
of state, 115; Hall, for treasurer, 115;
Brey, for auditor, 114; Stalup, for at-
torney general, 113; Crook, for super-
intendent of instruction, 103; Mann,
for district judge, 124.

Central City, Colo., Nov. 3.—The
following is the official returns of
Central City, Gilpin county: Total
vote cast, 825. Republican electors
297 majority; Belford, republican can-
didate for governor, 244 majority;
Pitkin, for governor, 297 majority;
Robinson, for secretary of state, 302
majority. The balance of the state
ticket received 302 republican ma-
jority.

Trinidad, Col., November 3.—This
town and precinct gives Hancock a
majority of seventy-four; Morrison
over Belford ninety-nine; Hough
over Pitkin, eighty-two; the rest of
the state ticket about the same as the
head. For state senator Salisbury re-
ceived two hundred and fourteen
and Bards three hundred and sixteen.
Indications are that the whole
Democratic ticket was elected in the
county by a majority of from five to
seven hundred. Cross frauds have
been perpetrated in many precincts.
In number fifteen about sixty repub-
licans who had registered and re-
turned that their names were not on
the book. These precincts in turn
should be thrown out, the frauds be-
ing so palpable, and no doubt these
will be step taken in that direction.

Stanisun, Va., November 3.—Rout
as adjuster, was elected to Congress
over Allen, the regular democrat in
the 1st district by 1000 majority.
Denver, November 3.—The News
local lie special says the returns are
not yet in but the democratic major-
ity in the county will be about
400.

Denver, Colorado, November 3.—George
Tougan was elected chief of the
city fire department and William
Robertson, foreman of hook company
No. 2 was elected assistant chief.

Colorado Springs, Nov. 3.—This
county as far as heard from gives Pit-
kin a majority of 599 and the electoral
ticket 554, and Helm 438. Full re-
turns will give Pitkin 659; Garfield
600, and Helm 500. Helm was scratch-
ed because of some local rivalry. He
received at least 75 democratic votes
in this city, and had good faith been
kept his majority would have been
over 700.

Pueblo, November 3.—The democ-
ratic electoral and state ticket has
45 majority in this county, with the
exception of Hough, who has but five.
The entire democratic county ticket
is elected by an average of 100 votes.
Returns from 77 cities and towns
and precincts over half the state and
including Denver and Leadville, nearely
completely give Garfield 3,011
majority and Pitkin for governor
3,918; Belfast for congress is 600 or
700 ahead of Garfield. All the strong
democratic counties have been heard
from except one which may perhaps
decrease the above figures more than
the other portion. Denver gives Pit-
kin over 900 majority and Garfield
500; the legislature is three-fourths
republican.

IOWA.

Des Moines, Ia., Nov. 3.—The con-
test in the 8th district has been per-
sistent by the greenback party
their candidate for president threw
his whole weight into the scales and
made three visits and numerous
speeches in the district. Dr. L. Maty
of Indiana, went twice into and over
the district. The principal republican
speakers were employed elsewhere
and Knsson was obliged to nominate
a candidate with great parsimony.
The result is a victory over the green-
backs by over 3000. Towns with a
solid republican delegation.

The republican anti-slavery and
the State Register news additional re-
turns from a good number of counties.
These fully sustain the victory of
last night for 70,000 majority for Gar-
field over Hancock. All the congressional
districts in the state except the
6th give large majorities for the re-
publican candidates.

Des Moines, Iowa, November 3.—
Garfield's plurality in Iowa is about
80,382.

Iowa, November 3.—Returns received
from Iowa by State Republican com-
mittee and State Register newspaper up to
night raise the majority of Garfield
over Hancock and indicate that it will

be \$5,000. The Republicans carry all
the congressional districts, regaining the
6th by 630 majority for Calfee and the
7th by 3,550 for Kasson.

MISSOURI.

St. Louis, Nov. 3.—Almost complete
returns of the city give Hancock a
plurality of 433; Crittenden, Demo-
cratic candidate for governor, has a
plurality of 514, and the remainder of
the tickets pluralities range from
28 to 780, except for the secretary of
state, Bradwall, republican candidate
for that office, received a plurality of
63. The city part of the first con-
gressional district give Fletcher, re-
publican, about 1800. The five counties
outside of the city, belonging to this
city, will probably give Clardy, demo-
crat, a majority which will elect him
by perhaps 2500. The 2d district
give Thomas Allen, democrat, be-
tween 2600 and 3000 majority. The
3d district is very close and will prob-
ably take the official returns to settle
it.

St. Louis, Nov. 3.—The 12th Con-
gressional district gives Hatch, Dem.
1,500 or 2,000 majority; 1st district
gives Clardy by 2,000 majority; 3d dis-
trict Allen, Dem. 2,000 majority; 3d dis-
trict very close.

St. Louis, November 3.—The repub-
licans claim Van Horn in the 8th dis-
trict where two republicans were nomi-
nated. The republicans have gained
considerably in the vote.

CALIFORNIA.

San Francisco, Nov. 3.—Returns of
the state continue to come in rapidly
but are of such a nature as to render
it extremely difficult to form an
exact result. Returns of the 1st dis-
trict give Hancock electors 185 majority,
and 1176 majority for congress, and the re-
maining half dozen precincts are not
yet in. Total vote 1,400. It is impossi-
ble to materially alter the result
because of this it seems almost a fore-
gone conclusion that the state has
gone democratic by a small majority,
though at the republican headquarters
they still figure out a republican
majority of between 3000 and 4000. It
may require the return of 100 to 150
more to make a difference. It is impossi-
ble to make reliable estimates from the fact that the
republican gains are found to a consider-
able extent in democratic strong-
holds and vice versa. In the third
congressional district Berry, demo-
crat, is probably re-elected. In the
fourth district the race between
Pacheco and Leech is so close that the
outcome cannot at present be stated.
Pace is re-elected in the second dis-
trict, which proves that California
will choose democratic electors and
two or three democratic congressmen.
The result may be fairly attributed
to the influence of the Morey letter,
at least that is the general belief ex-
pressed. The republicans claim they
will at any rate get one elector, as
Judge Terry, on the democrat ticket,
is believed to be very badly scratch-
ed.

San Francisco, November 3.—A fire
at Benicia last night destroyed two
brick buildings containing construction
department machinery and a bolt
press belonging to the U. S. Arse-
nal. The loss is estimated at \$200,-
000. Since Monday 36 cases of small pox
have been discovered in the city and
taken to the pest house. The health
officer has been granted extraordinary
powers.

ILLINOIS.

Chicago, Nov. 3.—Returns from
333 towns and precincts in Illinois,
outside of the city of Chicago, give a
republican gain of 3029. This indicates
that Garfield's plurality in the state
will be 15,000. Nothing definite
has yet been resolved in the close con-
gressional districts. Some anxiety is
felt for Davis in the 2d district, but the
democrats consider his election.

Farwell, in 4th district, runs
ahead of his ticket in Lake county
where he resides with three towns
to hear from. Garfield's majority is
18, Farwell's 1236.

Chicago, November 3.—The county
gives Garfield 10,640 majority. The
state gives him about 45,000. The 5
o'clock Journal and Daily News fig-
ure the electoral vote as follows, Gar-
field, Colorado, 3; Connecticut, 6;
Illinois, 21; Indiana, 15; Iowa, 11; Kan-
sas, 5; Maine, 7; Massachusetts, 13;
Michigan, 12; Maine, 5; Nebraska, 8;
New Hampshire, 5; New Jersey, 9;
New York, 35; Ohio, 22; Oregon, 3;
Pennsylvania, 29; Rhode Island, 4;
Vermont, 5; Wisconsin, 10; Total 222.
Hancock, the solid south, California
and Nevada, Total 125.

Chicago, November 3.—The race is
still. Blundell is elected to congress.
Kearns
Topka, Kansas, Nov. 3.—Garfield's
majority is between 50,000 and 60,000.
Republicans secure all the Congressmen.
KANSAS.

Louisville, Ky., Nov. 3.—Reports say
for Indiana that Judge Phifer has
been re-elected in the 10th district by
a majority of 500 or 1000.

Chicago, November 3.—scattering
returns from town show a net repub-
lican gain over the vote for governor
in 1879 of about 15 per cent. The ratio
holds good throughout the State.
Garfield's plurality over Hancock is
83,327.

Chicago, Ill., October 3.—Returns

from 337 towns and precincts outside
of Chicago and Cook county give a
net republican gain of 3228. Including
Cook county the net republican
gain in the state so far as heard from
is over 4000, and which makes the ma-
jority in that section of the state
which has been heard from and which
is less than half the state 31,000. At
this rate there will be in the neighbor-
hood of 45,000 majority in the State
and it may be considerably
above that figure.

Springfield, Illinois, November 3.

The Republicans gain in the county
but Springer, a Democrat, is returning
to Congress by 2000 majority.

REVIEW OF THE RECENT ELECTIONS.

Trenton, N. J., Nov. 3.—Returns

are so incomplete that it is impossi-
ble to give Hancock's majority in this
state, but it will undoubtedly exceed
600.

Bethel, Conn., Nov. 3.—Sandifer

defeated the democrat by a majority of
300 but indicates that the democratic
